

Savin Rock Condominium Association, Inc.
 283 West Walk
 West Haven, CT. 06516

OUTSIDE ELECTRICAL OUTLET INSTALLATION AGREEMENT FORM

I/We _____, owner(s) of
 Unit # _____, Savin Rock Condominiums, do hereby agree to take the responsibility of the
 cost and upkeep of installing an outside electrical outlet.

I/We also agree that when I/We sell the unit, the responsibility will become that of the new
 owner. The installation of this outlet becomes limited common property with its use limited to
 this unit since the cost of electricity will be paid by me/us and not the Association.

When the installation is complete, I/We will notify a Board of Directors member for inspection
 and approval per SRCA specifications provided.

Installation Specifications:

Courtyard Units – outlet must be 24" to 30" above the ground and installed opposite
 wall outlet inside unit. Use a ground fault exterior outlet and cap.

Parking Lot & End Units – outlet must be 24" to 30" above the ground and be installed
 on either side of air-conditioning unit. Use a ground fault exterior outlet and cap.
